Dear Paul,

I am enclosing a confidential record sheet for David W. Martin, who is currently registered as an assistant Scoutmaster in troop 410, sponsored by the Christ United Methodist Church of Salt Lake City, Utah.

This past week Mr. Martin attempted to entice a member of their Scout troop into a hot tub in the nude. The boy refused to yield to Mr. Martin's inticements and told his parents and the Scoutmaster of Mr. Martin's actions. When the Scoutmaster visited with Mr. Martin about the incident he was told that Mr. Martin had a history of child sexual fondling and that when he became depressed or down the desire was intensified and he found his desire increasingly stronger towards younger and younger boys. He also told the Scoutmaster that he was currently undergoing counseling for the child sexual abuse situation.

The Scoutmaster and the Christ United Methodist Church have released Mr. Martin from any Scouting activities and I am preparing a letter to him suspending him from all Scouting involvement, and refunding the remainder of his registration fee for this charter year.

It is my recommendation that David W. Martin be placed in the confidential file and denied registration in any position with the Boy Scouts of America.

Approximately three months ago I was informed of another child abuse situation that occurred several years ago involving a boy at Scout camp and [REDACTED] who currently lives in [REDACTED] Utah.

CONF020274

The father told me that his son, now 19 years of age, had told him that, while attending Junoir Leader Training as a young Scout, Dennis Eempy had fondled him in camp. Dennis has been very active in Scouting in Idaho Falls and in Provo, and was scheduled to serve on the National Camp School, which was held here in Utah this past summer. We removed Dennis from that involvment and I advised Reese Falkner, Scout Executive of Provo, Utah, of the information that I had received, and encouraged him to take care of the matter and remove Dennis from any Scouting involvement. Reese informed me that he had met with Dennis and told him that we are aware of his situation, at which time Dennis confessed to a totally sepearate sexual child abuse situation from the one that we were aware of. Reese asked him to disassociate himself from Scouting, which he agreed to.

I am not sure whether or not a confidential record sheet was submitted by Reese Falkner on Dennis Eempy. I have attempted to call Reese, but have not been able to find him in when I have made the calls. I promised the boy's father that we would remove Dennis Eempy from all involvements, now and in the future from Scouting. He has agreed not to file suit against the Boy Scouts of America and Dennis Eempy if this is taken care of. If your confidential files do not show Dennis Eempy listed in them I would be pleased to contact Reese Falkner or you might contact him directly to have this matter taken care of.

Sincerely,

K. Hart Bullock
Scout Executive
